INTRODUCING SOUND ART

Introducing ECHOKIT Nature-Inspired Sound Art Acoustic Panels: The Fusion of Acoustics, Design, and Sustainability

Experience the captivating blend of design, acoustics, and sustainability with ECHOKIT's outstanding range of Nature-Inspired Sound Art Acoustic Panels. Expertly crafted to enhance various environments, each collection pays homage to specific plant varieties, seamlessly intertwining aesthetics with exceptional acoustic performance while prioritising sustainability. Explore the distinctive characteristics of each collection:

KLOVER Collection: Blends the simplicity and order of geometric forms with the organic irregularity of the natural world of flora, creating a captivating interplay of colour, texture, and mood.

BULRUSH Collection: Embrace the inherent resilience and filtering qualities of bulrush plants, as these panels elevate both visual appeal and acoustic excellence, all the while adhering to sustainable practices.

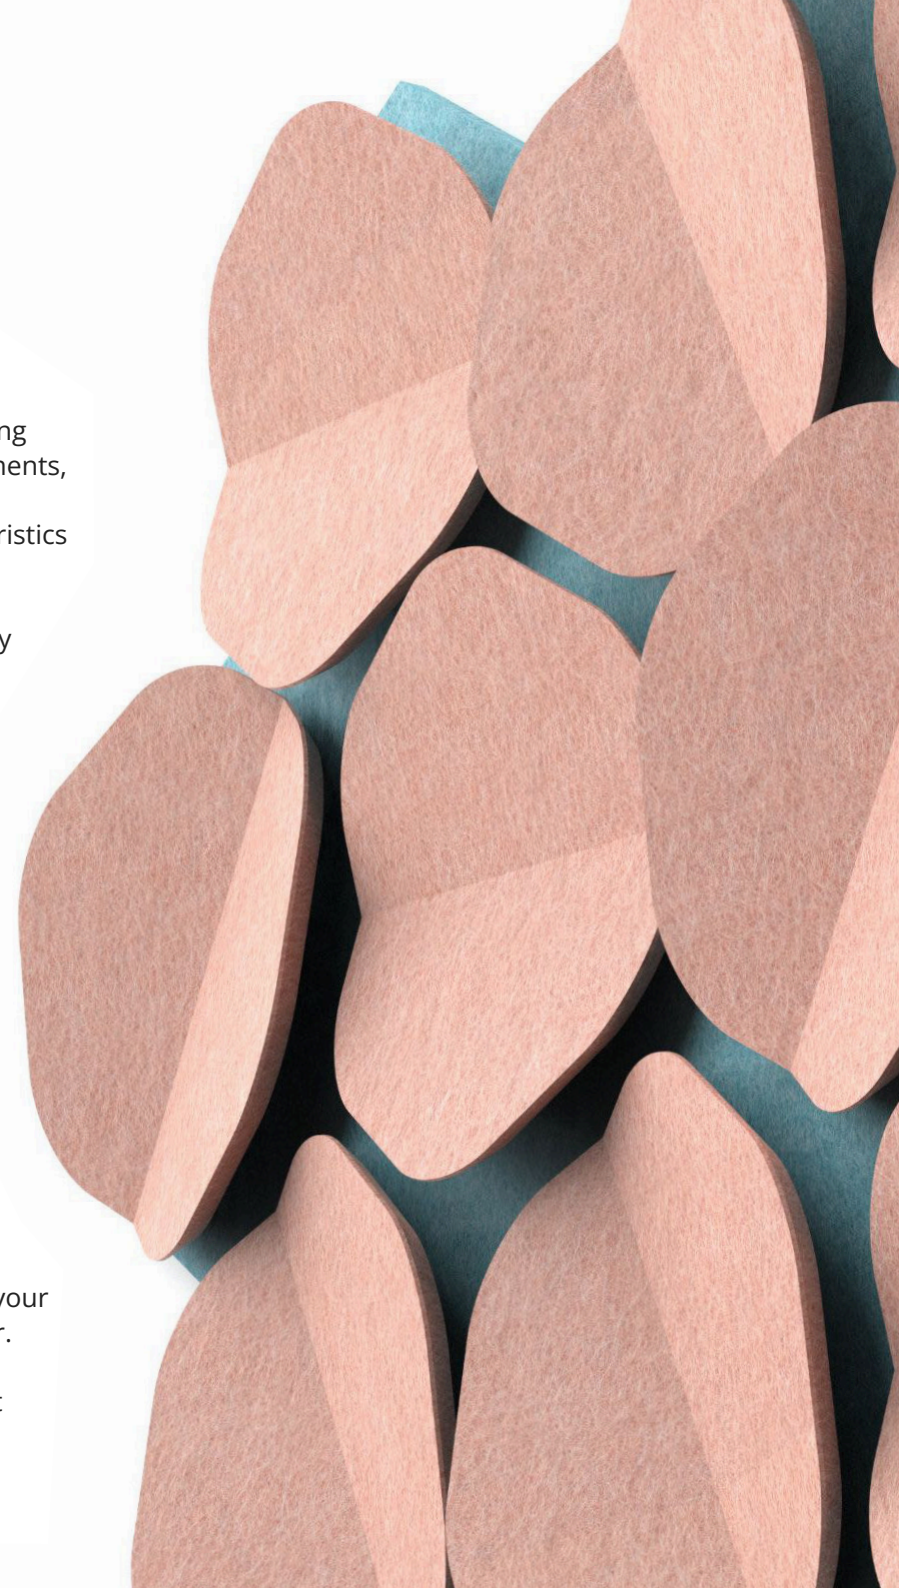

LILY PAD Collection: Mirroring the elegance of lily pads, these panels enhance visual allure while adeptly absorbing unwanted noise, improving the acoustic ambience of your space in an environmentally responsible manner.

WALL FLOWER Collection: Embrace the delicate charm of wall flowers, as these panels infuse elegance into your surroundings while contributing to acoustic excellence with a sustainable focus.

LOTUS Collection: Capturing the serene beauty of lotus flowers, these panels captivate with their design and sound-absorbing capabilities, enhancing both aesthetics and acoustics, all while being environmentally conscious.

CORN Collection: Drawing inspiration from the rustic charm of corn, these panels add warmth to your space while enhancing acoustic clarity, creating a soothing environment in an eco-friendly manner.

TWIN FLOWER Collection: Embodied in the beauty of twin flowers, these panels offer a visual feast while effectively reducing noise, ensuring a tranquil acoustic environment while upholding sustainable principles.

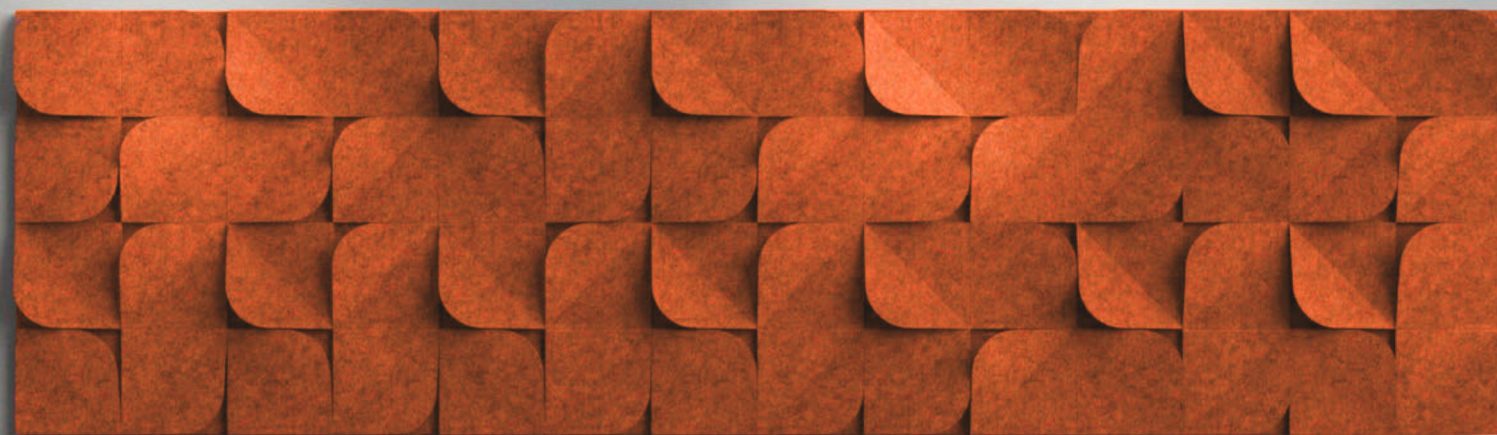

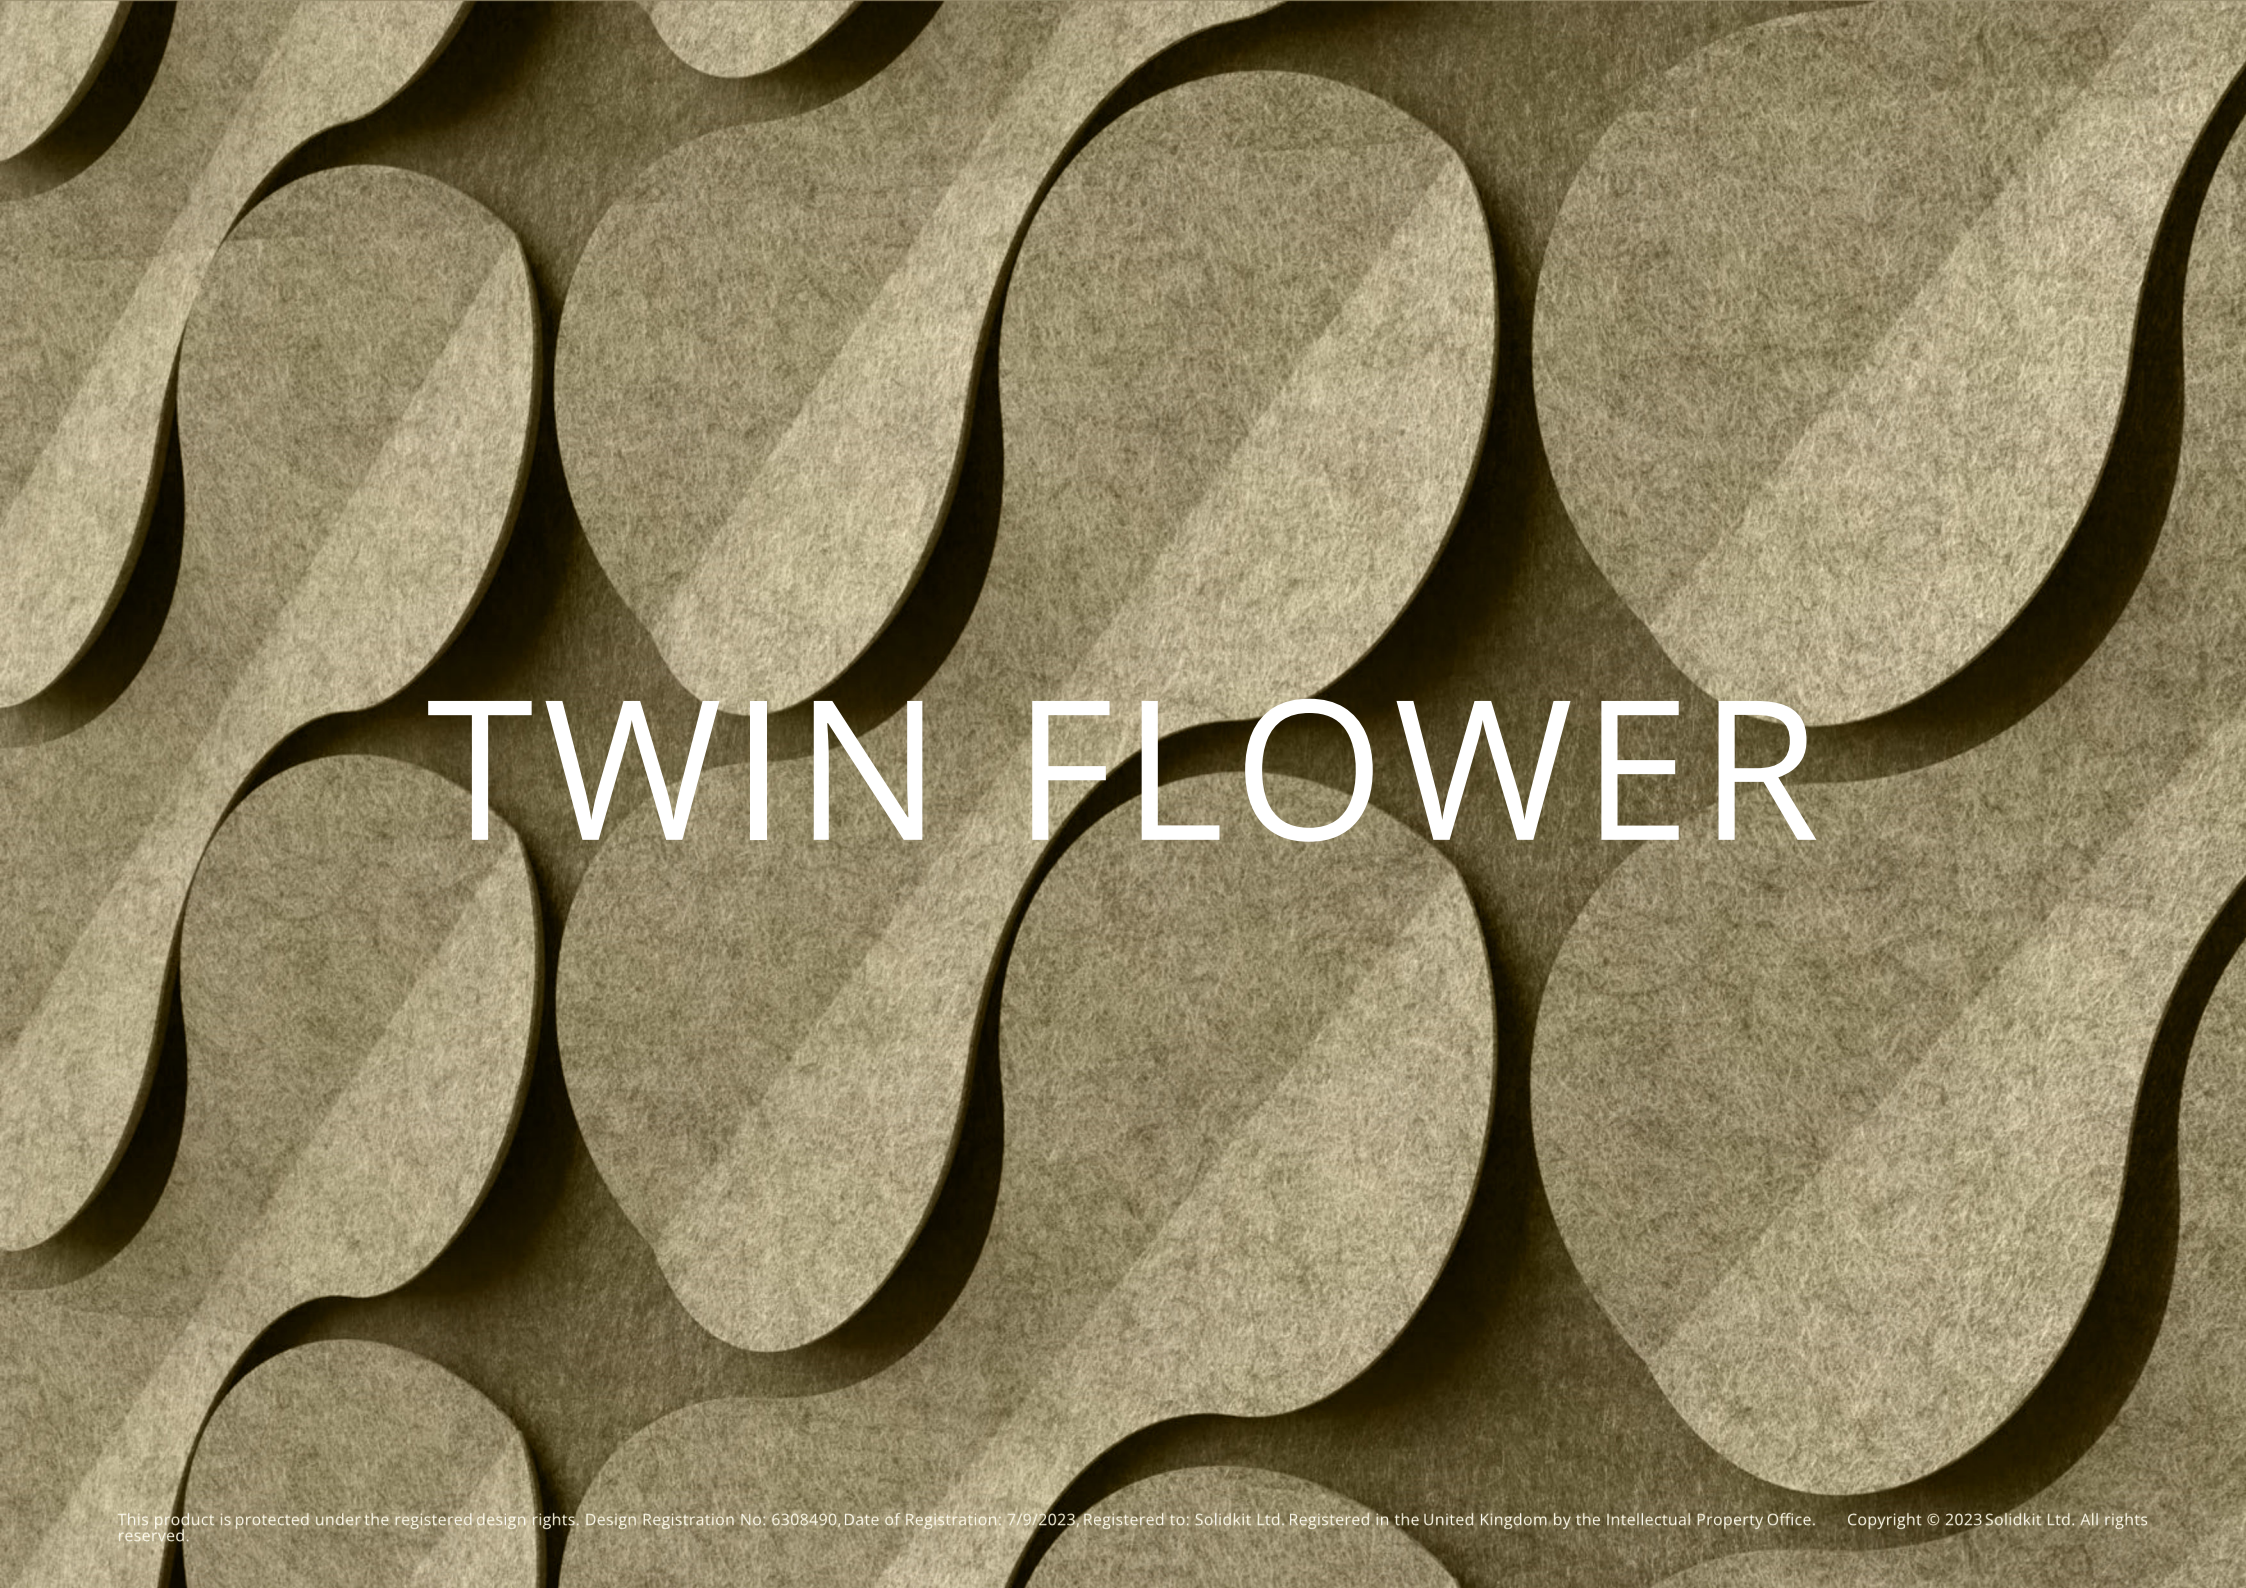

The background consists of numerous overlapping, textured green paper leaves. The leaves are cut in various shapes, some with pointed tips and others more rounded, and they are layered to create a sense of depth and movement. The color is a muted, earthy green.

TWIN FLOWER

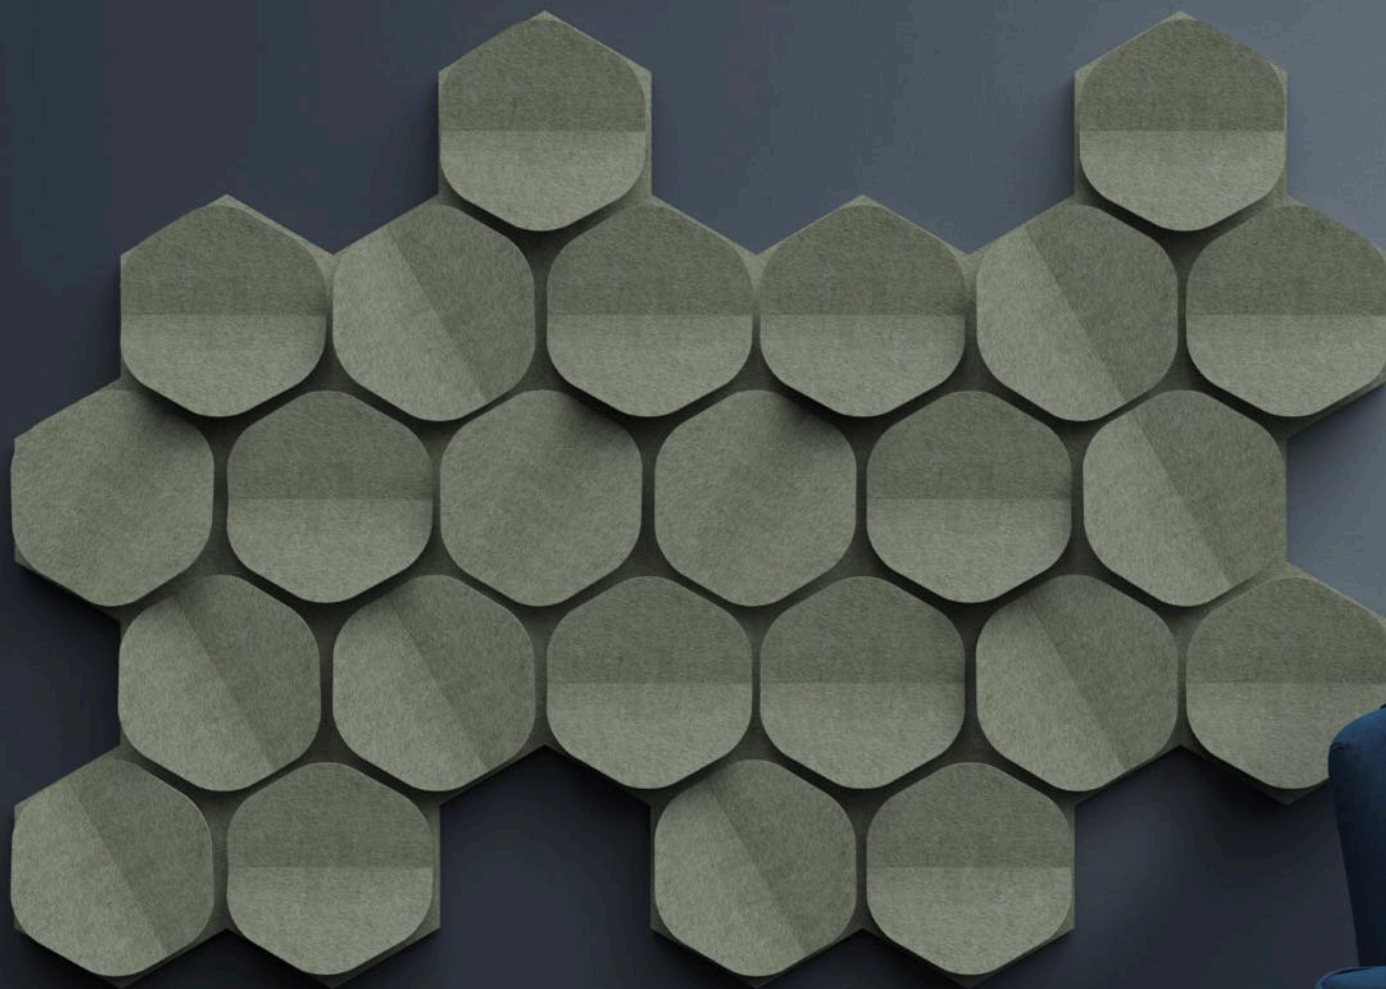

LOTUS

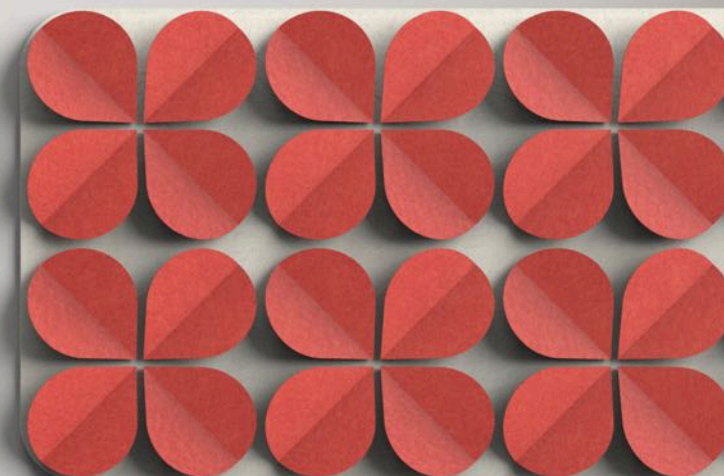

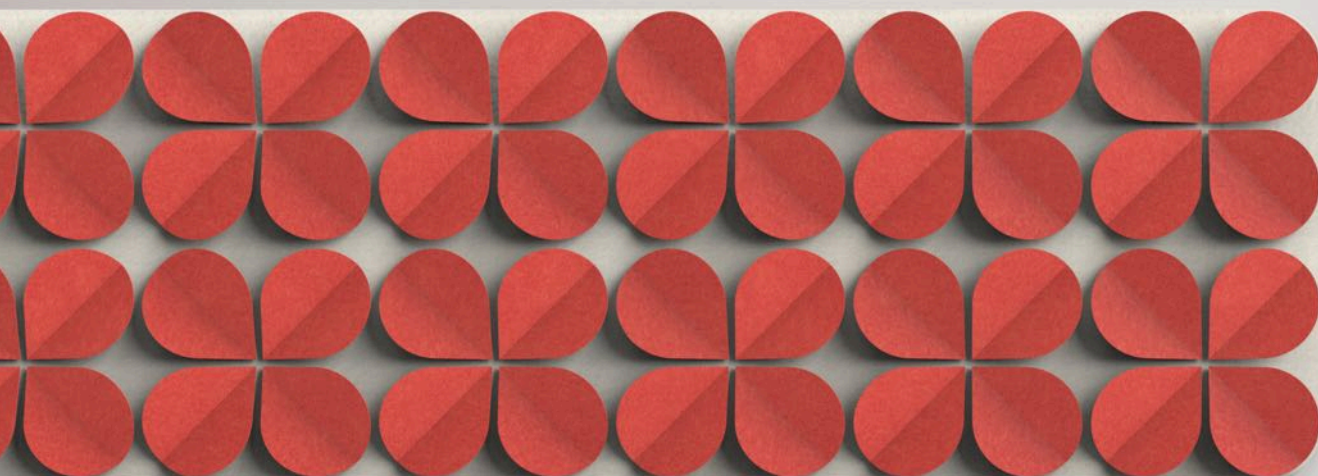

LILYPAD

The background of the image is a dark grey, textured surface. It is covered with numerous teal-colored paper petals of various sizes. Each petal is cut from a single sheet of paper, with a diagonal crease visible on each, suggesting they are designed to be folded into a three-dimensional flower shape. The petals are scattered across the frame, some overlapping, creating a dense, organic pattern.

WALL FLOWER

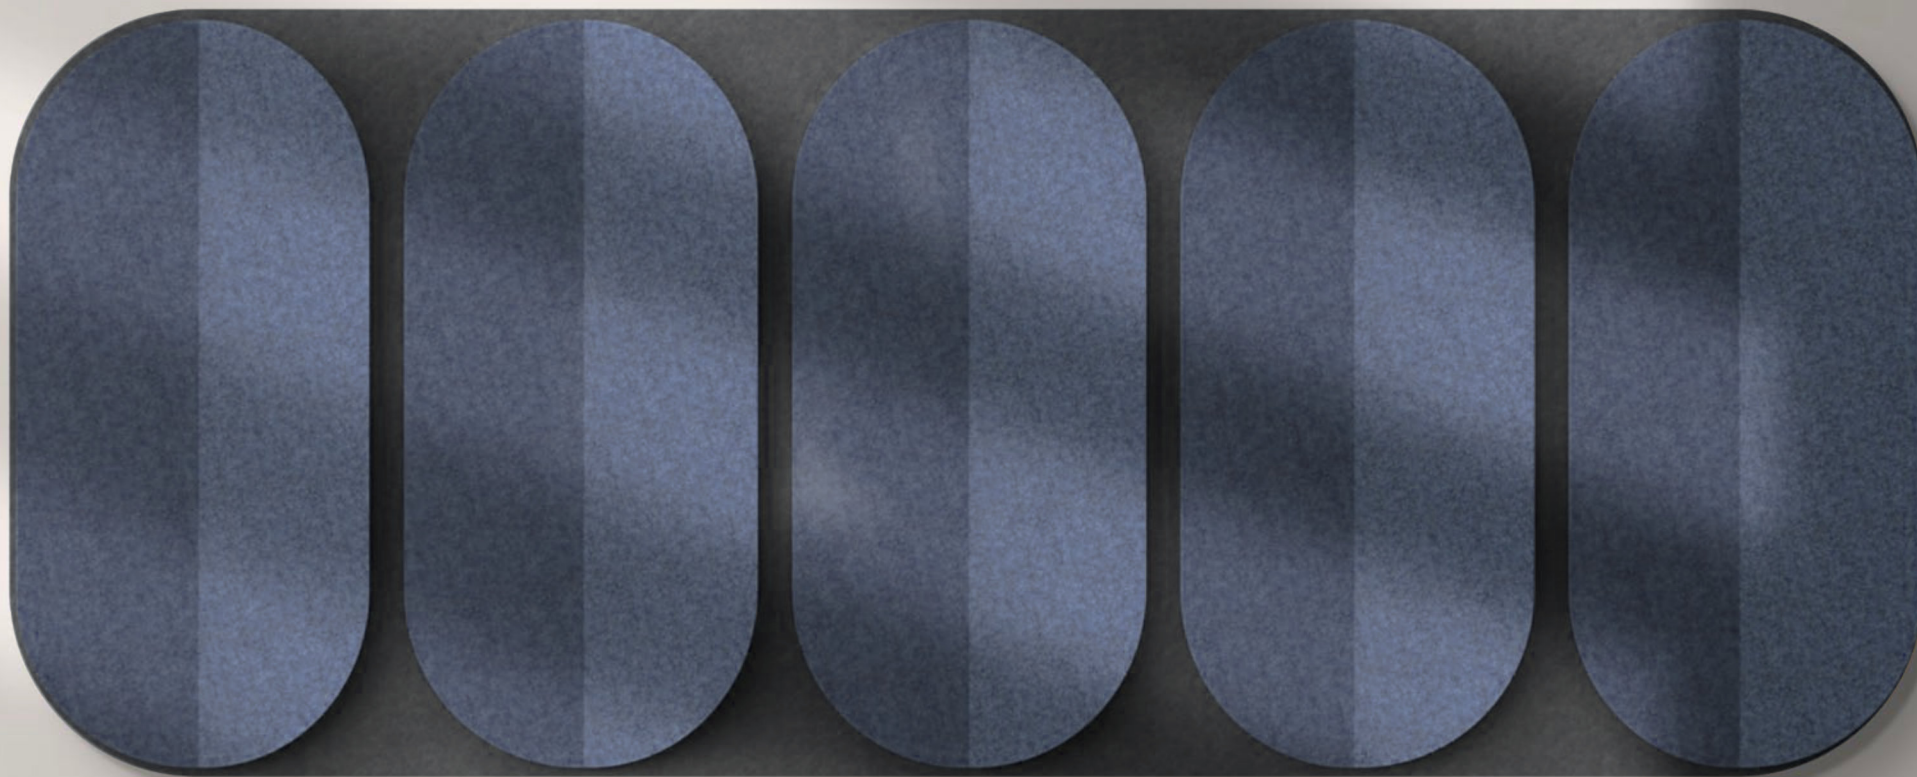

BULRUSH

The image features a repeating pattern of brown, teardrop-shaped leaves, possibly made of paper or cardboard, arranged on a blue-grey textured background. The leaves are oriented in various directions, creating a dense, organic feel. The word "CORN" is centered in the middle of the image in a white, sans-serif font.
